Section IX - Inventory

In this section, please include a current inventory of all club possessions. List the types, quantities, and condition of the equipment and other assets that your club holds. This is important in assessing the need for additional equipment, insurance purposes, etc.

You may find it useful to categorize your inventory to simplify finding items in the future. To begin entering your inventory, you must define a category, and then you can add items to that category.

Description	Qty.	Condition	Total Value
Test Category [Edit] [Delete]			
There are no items defined for this inventory.			
Add New Item
